

ARE YOU FEEDING THE DEMONS?

By Bill Subritzky

I prayed for a woman in her 40s who had been confined to a wheelchair with multiple sclerosis for the past two-and-a-half years. The multiple sclerosis began to develop after her husband left her five years ago.

I led her in a repentance prayer forgiving her husband and renouncing anger, unforgiveness, bitterness, rage and rejection. Then the power of God moved through her body.

The Lord led me to cast out many demons who were bringing sickness and disease into her body.

As the Lord often does, He told me to count the number of demons that were in her by the thousand beginning 1000, 2000, 3000 etc up to 50,000. As I approached the number of 50,000 the demons manifested wildly knowing that their time had come for them to flee. When I reached 50,000 there was a major manifestation as the demons fled.

The anointing and power of God was flowing through her as I prayed and the anointing grew stronger and stronger.

Then the Lord told me to ask her to stretch out her legs, then her hands and arms, then to move her body. The Lord said to tell her to stand up and she did so. He then said to tell her to walk and she began to do so without the aid of the wheelchair.

She walked around the room three times as the healing power of God filled her and she began to be set free.

The demons lost their power when she repented and turned from anger, rage, unforgiveness, bitterness and rejection.

The demons were feeding on this food of anger, rage, unforgiveness, bitterness and rejection. They had to flee when she renounced these attitudes and she began to be healed. Despite the doctors saying she was crippled and would never walk again, she is now able to walk normally and lead a normal life.

In another incident, I prayed for a pastor who manifested wildly with various spirits afflicting him. I prayed for him quite often and each time he had a major release but the Lord kept saying to me that he had never forgiven his father.

However he kept telling me that he had forgiven his father.

Then one day a person came into his church and told this pastor that he had met the pastor's natural father in another city the previous week.

Then a week later another person came into the church and said the same thing.

The pastor then began to realise that God was speaking to him about his natural father who had deserted him at the age of eight. He had then been adopted and when I had asked him to forgive his father it was his adopted father that he had forgiven. He had put aside the memory of his natural father for the past 30 years and now he was being reminded about him.

He then realised that he had never forgiven his natural father.

He rang me and told me that he was about to phone his natural father. He was going to ask his natural father to forgive him for his wrong attitudes towards him and also say that he was forgiving him.

He said the day when he made this decision the demonic spirits spoke to him and said that if he did this he would be removing their "food", namely anger, rejection, rage and unforgiveness relating to his natural father whom he had never forgiven over the past 30 years.

This was an absolute revelation to him that the demons had been feeding on his anger, rejection, rage and unforgiveness. They had the legal right to stay while he had not repented in these areas.

He went ahead and spoke to his father and since then they have been reconciled. The demons have fled because their food was taken away and for the first time in 30 years the pastor now has an inner peace and healing in his spirit, soul and body. He is a changed man.

Again, I was ministering recently to a man to whom I had prayed for several times over the past three years but who had never been set free. He had come to one of our meetings and manifested violently. The demons were saying to him that they would kill his wife. It took three men to hold him down and bring him under control.

Subsequently I ministered to him on a number of occasions and many demons fled but the main demons would not leave. They began to mock me saying, "You will never get us out."

This man had been bullied by his brothers when he was a child. He had often spoken about it especially to his wife. He mentioned this to me on occasions as I prayed for him. I had told him many times he must forgive his brothers. He said he had done yet he kept talking about how they had bullied and mistreated him.

Suddenly I realised that the demons were feeding on his words of resentment about the way he had been treated. His wife told me that he was always talking about it.

I told him he must repent from this and he did so. As he said the prayer of repentance stating that he would no longer complain about the treatment of him by his brothers his whole face changed and the demons fled.

What does all of this mean?

It means that our words have a powerful effect. We can curse ourselves with our own words thereby feeding the demons with our anger, rage, unforgiveness and resentment. This is their food.

We curse ourselves when we make such statements as:

"I'll never be any good."

"I'll never make it."

"I am hopeless."

"I wish I was never born."

"God doesn't love me."

"I'll never speak to again."

"I hate myself."

"No one loves me."

"I want to die. I'm better off dead."

Other people can curse us by saying:

"You are a failure."

"You'll never be any good."

"You'll never achieve anything."

"You are ugly."

"You are a bad person."

"You are always a liar."

"It's in the family and you are sure to get it."

As we listen to the statements we need to forgive those making them otherwise we can be cursed.

This is the food that feeds the demons and encourages them to enter us and torment us.

We must renounce these sorts of comments. We must absolutely forgive as Jesus Christ has forgiven us at the cross and then we can be set free from all curses, sickness and disease.

As you read this, if you are suffering from any form of disease I would recommend strongly that you consider repenting from making such statements and forgive everybody as Jesus Christ has forgiven you at the Cross.

I suggest you say this prayer:

"Heavenly Father, I come to You in the name of the Lord Jesus Christ and in the authority of that name I specifically renounce all curses. I renounce the curses that I placed upon my own life by my words or which have been placed there by the words of others who have abused and damaged me."

I renounce in the name of Jesus Christ any such words that I have spoken. I will not say such words again because I realise I am cursing myself and I am inviting demons into my life through repeating these words. I receive Your forgiveness through the Cross of Jesus Christ.

I forgive everybody who has spoken wrong words over me. I forgive them and ask You Lord to release me from the consequences.

Thank You Father. In Jesus name. Amen.”
