

A vertical photograph of a sunset over a body of water. The sky is filled with vibrant orange and yellow clouds, with a darker blue-grey area at the top. The sun is low on the horizon, casting a bright reflection on the water. In the distance, there are dark silhouettes of mountains. The water in the foreground is calm, reflecting the colors of the sky. The overall mood is peaceful and serene.

*How to read your  
Bible in one year.*

*An easy to follow Bible reading plan from  
Dove Ministries*

## KEYS TO READING THE BIBLE FOR ALL IT'S WORTH

1. Any time is a good time to start reading your Bible. Why not begin today? In a year's time you will have read the Bible from beginning to end.
2. Every day tick off the verses you have read. If you miss any, don't despair, catch up when you have a spare moment.
3. Pray before doing your daily reading. Ask God to teach you by His Holy Spirit and show you the meaning of the Scriptures. Praying at the beginning and the end will make your Bible reading vital, alive and will change your life.
4. Prepare a time and place for reading. It needs to be quiet, private and uninterrupted, as well as regular. Decide now!

5. Read slowly, it is not a race. Take your time. Let the Scripture read you as you read it.
6. Each day expect God to speak to you. A “Rhema” or verse will jump out and apply to you.
7. Write it down. It is wise to keep a journal. Write out in full the Scriptures that are speaking to you. It slows you down and gives you time to meditate and time for the Holy Spirit to speak to you. It also serves as a reminder for you to go back to. One idea for a journal is a diary to write in.
8. Ask yourself, “What does God want me to do with what He has shown me? What steps do I need to take to step out in faith and obey the Lord?”
9. If you are in a small group or home group, share what you have written down and be accountable to your group.
